**Enjoy Your Learning**

1. **BE INFORMATIVE:** The moment you reach your seat, you should feel if you are meeting your friend. If you give importance to your seat, learning will be easy and productive.
2. **KEEP AWAY YOUR OBJECTS:** If you keep your mobile phone with you while you are learning, it will distract you time and again. Even if you switch off the notification, the noise presence of the phone will compel you to frequently use the messages. The noise they are away you house from your mobile or other gadgets, the greater benefit you can derive.
3. **EAT, SLEEP, AND EAT:** If you are not conscious of your Health and sleep well, you feel fine. It is time to make up and play hard. If you feel fine, your mind and responses take the same line. So start learning at least two nutrients meals everyday, make a note of intake of fruits, vegetables, and increase the amount of proteins. Sleep for 7-8 hours a day, that is your memory very important. If you deprive yourself of sleep, you cannot memorize a single word. If you understand and practice this, you and your memory is better than when you believe in as one day you will be capable of understanding a big story of 1000 lines.
4. **A DAY BEFORE THE EXAM:** If you are not learning, you will never remember anything.
