INTERNATIONAL YOGA DAY

## Reaping benefits of asanas, meditation

The school celebrated the 8th edition of International Yoga Day with great enthusiasm and avidity. The students felt the pride that India is the origin of yoga and it is an invaluable gift of India's ancient tradition. Children also shared important facts of this day: June 21st is the

**NATIONAL CENTRE FOR EXCELLENCE, JBN**

longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world. In 2015, Reserve Bank of India issued a rupees 10 coin and in April 2017, UN Postal Administration (UNPA) issued 10 stamps on asanas on a single sheet to mark International Day of Yoga.

The event at school started with the yoga mantra. The beginners were delighted to start off with a yoga dance. The students performed yoga asanas carefully chosen for their age by our yoga instructor. The students practiced Surya Namaskara which they have mastered.

The students participated in a wide spectrum of other

activities as well. The primary students modelled yoga postures with clay to understand the postures well. It was a great experience of exploration for the young students to work with clay. Logo making on A4 sheet with a variety of coloring tools promoted the spirit of the day. A debate on "Yoga for health or other forms of exercises for health" was held.

'Yoga' the word symbolises 'to join' or 'to unite'. Yoga is the tool for practicing compassion, mindfulness, generosity, focus, strength and flexibility. It is the need of the hour and to inculcate that the school has always ensured that the best holistic approach to learning is through overall development of a child. Students celebrated International Yoga Day with immense enthusiasm. The excitement of students was palpable as they were all geared up to celebrate the first ever offline yoga post the pandemic.

**DIYA ACADEMY OF LEARNING**

along with the yoga teacher demonstrated Surya Namaskara and other asanas followed by Om chanting. The teacher also enlightened the young minds with the magical benefits of differ-

ent asanas. Regular practice of yoga helps in improving concentration and in relieving stress and anxiety. The physical, mental and spiritual benefits of practicing yoga were stressed upon.

The celebration ended with a vote of thanks and a rendition of the National Anthem by the students.

WORLD ENVIRONMENT DAY

## Every initiative to green the Earth matters

**DELHI PUBLIC SCHOOL ELECTRONIC CITY**

The school encourages students to play an active role in keeping the school environment clean and to acquire an awareness and sensitivity to the environment and its problems.

Our school had the privilege to

observe World Environment Day on June 4, 2022.

Keeping with the theme 'One Earth Only', the school conducted several activities for classes VI to XII.

It was an enriching day as stu-

dents participated passionately and enthusiastically, collaborating and sharing their ideas with each other.

The school also initiated 'Cloth bag drive' for classes V to XII. It's time we say our final goodbyes to those plastic polythene bags and

switch over to the oh-so-cool and trendy cloth alternatives. We at school have always believed that 'Going Green' is the only mantra to save the environment and reduce waste; way before the present government decided to put a complete ban on the use and sale of plastic bags.

A step towards promoting the same idea as envisioned by the government, the senior grade students distributed used cloth bags; donated by all the students and staff members, to the nearby supermarkets for free distribution among their customers. The bags, cleaned and decorated with beautiful designs and catchy quotes, stole the hearts of their beneficiaries.

Our small initiative towards a bigger cause!

**NATIONAL PUBLIC SCHOOL, WHITEFIELD**

In the universe are billions of galaxies, In our galaxy are billions of planets, But there is Only One Earth. Let's take care of it.

National Environment Day was celebrated at school on June 5. The theme of this year's celebration is very appropriately chosen as 'Only One Earth'.

The celebration brought with it a sense of awareness and a sense of commitment amongst the students towards a sustainable future. Students of classes IX and X conducted many procreative activities like the plantation drive, where the students contributed saplings to the

school. These were planted in the campus by principal Alka Gupta, teachers and students.

Besides this, students also made planters using recyclable items and gifted them to the school. As a part of our Spreading Awareness Campaign, students made colorful, vibrant posters, drawings and paintings, which were displayed on the notice boards across the school.

The principal urged students to initiate positive change from home, then at school and then gradually move to the larger community. The effort of students to bring in change was well appreciated.

**VIDYANIDHI PUBLIC SCHOOL, GAURIBIDANUR**

involved in environment friendly activities. Students and teachers came together to pledge to build a greener planet. The highlight of the programme was a colouring

competition for the primary students, painting competition for the middle school students and poster designing competition for high school students, depicting conservation of environment.

The Eco-Club students, along with the principal and staff, planted saplings around the school premises. This event conveyed the message that we must protect and restore the environment for future generations.

**BUNTS' SANGHA RNS VIDYANIKETAN**

The school began the activities for the academic year 2022-23 with the grand celebration of World Environment Day on June 6, 2022.

# BANGLADESH CLINCH ODI SERIES

## VISITORS HAVE WON TWO ODIs BY SIX AND 9 WICKETS

**B**angladesh won the one-day international series from the West Indies, bouncing back from losing the test and Twenty20 series. Bangladesh made West Indies bat first and bowled out the home side for 108 in 35 overs. The Bangladeshis took less than 21 overs to reach the target, for the loss of one wicket. The visitors have won the two ODIs by six and nine wickets for a fifth successive bilateral series win.

### CAN'T HANDLE SPIN AGAIN

The last ODI and tour match is on Saturday at the same Providence Stadium and Bangladesh will be favoured to beat West Indies an 11th straight time since late 2018. West Indies couldn't handle spin again, as Nasum Ahmed took his first ODI wickets to start the West Indies collapse and Mehidy Hasan Miraz finished the rout with 4-29. The home side rode some early luck when openers Kyle Mayers survived a messed-up stumping chance

### TOURISTS DOMINATE

- Beaten by six wickets in the first match at the same venue on Sunday, the home batsmen were even more inept in being dismissed for 108 off 35 overs.
- Having been swept 2-0 in both the preceding Test and T20 International series, the tourists extended the ODI dominance of their present foes in reaching the modest target with almost 30 overs to spare.
- It was their 10th consecutive ODI victory over the West Indies and also ensured they remain unbeaten in ODI series against the Caribbean side since they lost the corresponding duel in the region in 2014.

of Mehidy, and Shai Hope overturned an lbw decision to Nasum. But the batters didn't last much longer. Mayers was bowled by Mosaddek Hossain trying to defend on the front foot. Then Shamarh Brooks was bowled by Nasum for his first ODI wicket in his second match.

### SLOG SWEEP

Mosaddek caught Hope who mishit an attempted slog sweep, and in the same over Nasum got captain Nicholas Pooran dragging on. West Indies was 45-4 and Nasum had 3-9 from six overs, three of them maidens. Mosaddek bowled out his 10 overs by the 25th over. He had 1-37, but

the pressure he and Nasum built led to West Indies taking more frustrated swings. Rovman Powell was out for 13 trying to flick medium-pacer Shoriful Islam, and Brandon King charged and missed Mehidy to be bowled on 11. Nasum was brought back for his last two overs and finished with 3-19 off 10, earning the man of the match. As soon as he left, Romario Shephard was bowled by Mehidy on 4 and Alzarri Joseph edged Mehidy behind and West Indies was 86-9. Mehidy claimed Motie-Kanhai to leave tailender Keemo Paul stranded on 25 not out. Motie-Kanhai got the wicket of Shanto but fellow opener Tamim and Das made no drama of the chase. Tamim finished the game with his seventh boundary to be 50 not out off 62 balls for his 53rd ODI fifty. Liton was 32 not out of 27 with six boundaries. AP

It was all silver after that as the Women's Rifle team of Elavenil Valarivan, Ramita and Mehuli Ghosh fought hard and were as close as 10-12 before the Koreans won the last two series of single shots to nail it 16-10 in their favour. It was the turn of the Pistol shooters next as Shiva Narwal, Naveen and Sagar Dangi fought tooth and nail with a determined Italian side to be level 15-15 before the final series. It was then that coach Samaresh Jung called for a time-out, and it brought about an admirable fight back from India as they closed in at 12-14. However, the Koreans stamped their class in the final series and pulled it off 16-12 for their third gold of the tournament. Indian pairs in the Trap Mixed Team competition however finished outside the medals. AGENCIES
